

Rees Hogue

Professional Summary

Experienced data scientist with a passion for leveraging machine learning and artificial intelligence to drive actionable insights from complex datasets. Skilled in Python, TensorFlow, PyTorch, and scikit-learn for developing and deploying predictive models. Additionally, proficient in video editing software and techniques, with a keen eye for detail and creativity.

Skills

Data Science Frameworks

- Pytorch
- TensorFlow
- Scikit-learn
- NumPy
- Pandas
- Matplotlib

Web Development

- HTML
- CSS

Programming Languages

- Go
- Python
- JavaScript
- Java
- C++
- SQL

Machine Learning

- Neural Networks (NNs)
- Reinforcement Learning
- Language Models (LLMs)

Education

High School Diploma

- Valley View High School
- Graduation: May 2018

Coding Bootcamp

- TripleTen Data Science Bootcamp
- Expected Graduation: November 2024

Certifications

- HackerRank Python Certification
- Issued By: HackerRank
